

Dear Esteemed Members,

FOREIGN WORKERS

Greetings from KLSICCI.

In view of the current challenges to hire foreign workers, the Chamber has been taking great effort jointly with 21 other Trade Organizations under the lead of Federation of Malaysian Manufacturers (FMM) to discuss with the Human Resources Minister YB Kulasegaran on the critical impacts due to the shortage of foreign workers.

Due to the serious implications to the entire business community, we are fact-finding on the immediate requirements of foreign workers for your existing businesses to enable us to tabulate the exact number of foreign workers required by our Chamber members.

We intend to collate the data with other Trade Organizations and submit a formal memorandum to the Human Resources Minister and Home Minister on the acute shortage of foreign workers that needs immediate attention from the Government.
